forget to write your petitions, individually, for the board. Just write them, directing them, mentally, toward the large Council Hall, and they will appear of the board through the power of precipitation.

Beloved Lord Michael is now getting ready to release the Cherubic Beings, and They will descend into the auras of the students preceding the breathing activity. I, Myself, have been in each Sanctuary here, in Europe, Australia, Canada - all over the planet, to see that all was in readiness. Many of Us have been working for days, and every Group Leader and Director would be surprised if they could have seen the Celestial Visitors who have been 'bustling about' their meeting places in preparation for this Cosmic Event.

Now will you feel, as those Cherubim descend, (Lord Michael Himself is bringing Them) that They will give the blessed students the feeling of Their Presence.

I thank you for your presence here. I thank you for the beauty of this room. I thank you for the lovely Christmas Tree and all that has made it such a happy and beautiful experience both for Me and for yourselves, and for the beloved chelas and students everywhere who are tuned in.

We anticipate a magnificent Christmas Service, and We do anticipate a lovely and a Happy New Year for all.

I love you; I bless you; and I thank you.

Beloved Children of My Heart:

It is with joy and gratitude that I submit for your enjoyment the Report of My Beloved Son, Saint Germain, on the activities of the Rocky Mountain Retreat during the last week of 1953. I have also been delegated to extend to each one of you the love and appreciation of every soul, ascended as well as unascended, who attended the Ceremonies at the Teton, for your loyal and spontaneous attention during the week, as well as the conscious and loving energy that you released both in groups drawn together for the occasion and in the privacy of your own homes. I do not need to tell you that special members of the Brotherhood, as well as the Angelic Host, were commissioned to stand in your midst and gather up every ounce of that precious life essence qualified with your individual love and desire to set life free, which Saint Germain proudly offered to the Lords of Karma, and which had no small part in Their decision to extend the Grant to the additional ten million selected souls. I feel the surge of gratitude that rises from your own dear hearts at this mighty accomplishment, all of which also fills Me with a pardonable pride in My children. God bless you, each one, and sustain you with His Grace of Perseverance until the last vestige of unredeemed life is safe in the Bosom of the One Eternal Father from Whom it volunteered to go forth and expand His Kingdom in the first place.

SAINT GERMAIN'S REPORT - Part 1

11:30 p.m. - December 31, 1953

Beloved Friends - everywhere:

Tonight the Heart of Freedom is filled with gratitude and devotion to your beautiful spirits.

Three times, in the course of My long journey through the world of form, have I experienced that height of exultation and gratitude which I feel again this night. Once in the dark of a lowly stable when I held a new-born infant in My arms and, walking to the door so that the light of the brilliant night might reveal those tiny features, I breathed a prayer of gratitude to God for the deliverance of the Beloved Mary and the safe arrival of the Dear Son.

Once again, on a beautiful May morning, in the heart of the Transylvanian Mountains, when through the open windows came the sweet scents of the Spring flowers and the dew still upon the grasses imparted a sweetness to the memories of Earth as I prepared to bid 'adieu' to the dear planet and return My breath into the keeping of the Great Maha Sahib Who gave it to Me in the first place; thus closing My Book of Earth experience and finding the joy of Freedom in the arms of My Beloved - returning Home - 'to go out no more'.

Again last evening when My Beloved said to Me: "Tonight, My Dear, the Lords of Karma Themselves shall watch Your students and witness the fruits of Your labor!" I could feel that wave of exultation surge up within Me once again - faith

justified - labor bringing a harvest of merit - friends standing by in dignity before the Lords of Heaven, consciously invoking mercy for the Earth and its evolution. I tell you, friends, I shall never forget this dear night. I shall never forget the gift of your lives given in My Name, and I shall endeavor, through the energies of My Violet Flame and whatever worth the momentum of My individual Consciousness may be to you, to prove My Friendship as each one of you has proven yours this blessed Christmas Time.

How shall I describe to you the beauty of the Teton this night? A little while ago, I smilingly said to El Morya: "This is one New Year's Eve, My Brother, when My children will not go to rest in trepidation, and awaken in the morning in desolation. All of the years of preparation will yield them a harvest of remembrance of the celebration and majesty of this night."

Over the Great Mountain stands the Three-fold Flame, brought from Shamballa by the Mighty Kumaras, made up of the harvest of energy of each and every Master Being, each student, Angel and Deva who has contributed, during the Year 1953, to the progress of the evolution of the Earth and its attendant lives. When you stood before the Throne of Sanat Kumara and poured the harvest of your energies into that Flame, the Flame was then held, sustained, and carried westward until It stood over the Teton Mountains, and there It remains until the stroke of midnight when the Chalice that holds It will be inverted and Its substance poured before the Thrones of the Lords of Karma as a living proof of the fidelity of lifestreams to a spiritual and impersonal Cause for the benefit of the race.

The seven glorious chambers that have been opened this year are all connected with the main Council Chamber as described to you before. Each one of these beautiful chambers has been placed at the disposal of one of the Great Chohans, and all the chelas, the Angels, the Devas and the Elementals working along that Ray are gathered in the particular room devoted to His Service. The archways connecting those rooms with the large Council Chamber are outlined in Flame Flowers, the color of each Ray. At the head of each Council Chamber sits the Mighty Chohan Representative of the Ray, and My place awaits Me. The blue Flame Flowers make a fitting frame for the majestic figure of the Master Morya, and all the Beloved Masters, chelas and Angels who work with Him. The golden Flame Flowers form the setting for the exquisite Presence of Lord Maitreya, the Beloved Kuthumi, and those who work with Them. The pink Flame Flowers frame the beauty, delicacy and majesty of the Great Venetian; the beautiful White Lily Flame Flowers surround the archway of the Blessed Serapis, the Masters and the Friends, ascended and unascended, who work with Him. The Green Ivy Flame Flowers, representative of Eternal Truth, form the archway to the Beloved Hilarion's chamber where He is surrounded by the Brothers of Truth. The glorious deep pink and rose Flame Flowers form the archway to the Beloved Jesus' and Mary's chamber; and the deep purple violets surround the entrance to My room where sit the Beloved Diana, Oromasis, and Those who work with Me.

The center or Grand Council Chamber has been reserved, completely, for the Presence of the Beloved Helios and Vesta Who have accepted the invitation to be present in Their Beautiful Ascended Bodies; also the Beloved Sanat Kumara,

the Beloved Lord Buddha, the Seven Elohim of Creation, the Great Archangels and Archaii, the Planetary Lords of each one of the seven planets of Our system, an Emissary from the Central Sun, and a Representative from each one of the Seven Suns belonging to Our galaxy. These Beings are all in snow white.
